

PRESS RELEASE

LaGrange, GA USA

Jeffrey W. Brown, President of **COMPREHENSIVE SEARCHSM** announces the promotion of Kevin Franks to Strategic Director, effective immediately. Previously Mr. Franks was Operations and Technology Manager. In that position he significantly improved the primary **COMPREHENSIVE SEARCHSM** Web Presence (www.comp-search.com), launched a highly successful monthly e-Newsletter (www.comp-search.com/news.htm), expanded the entire Internet Recruiting capabilities of **COMPREHENSIVE SEARCHSM** and made considerable improvements and standardization in technology used at their corporate offices.

In his new position, he will have continuing responsibilities in these areas and faces many new additional tasks. He is spearheading a major initiative to streamline project management and is the force moving the company to a more web-centric business model for information retrieval and as an Application Service Provider. Later this month **COMPREHENSIVE SEARCHSM** will be introducing to key associates a private intranet including resources to further enhance the abilities of their network of Recruiter offices located around the country. Franks will also coordinate a major Strategic Alliances project under development, which is an industry wide program that will utilize the latest technology including the upcoming products from World-2-One (www.world2one.com) in which **COMPREHENSIVE SEARCHSM** is an angel investor.
